## **Is Ad Aware Plus a Scam? Is Ad-Aware Plus Safe to Install? Any Complaints?**

According to both our personal experience and consumer feedback across the web, Ad-Aware Plus is completely safe and easy to install and does its job very effectively.

### **Pros:**

-Consumers almost unanimously agree that it's the best adware software available today.

-Fully-functional 30-day trial of Ad Aware Plus is available. Please [click here](#) to download the free trial.

NOTE: For the perfect combination for getting rid of malware, we suggest that you also [download the completely free software Spybot Search & Destroy from here](#). Ad Aware and Spybot work especially well together. Here are examples of what people are saying about this combo:

*"I use Spybot and Adware SE together. First I run spybot, it finds most bad things. Then I update and run adware in all three modes: Smart, full system, and ADS. This usually gets rid of everything bad."* — Actual Consumer Comments from Yahoo Answers

*"Adaware and Spybot s&d co-exist very well together. Both are great programs and compliment each other quite well."* — Actual Consumer Comments from Techimo[dot]com
